Genre, Story, Target Users

By Jung Won Lee

Horror & Mystery & Storytelling Flash Game using Sound
Here are the beans in danger.
They may experience nightmares or regain peace, depending on your choice.
Target users are anyone who like flash horror games.
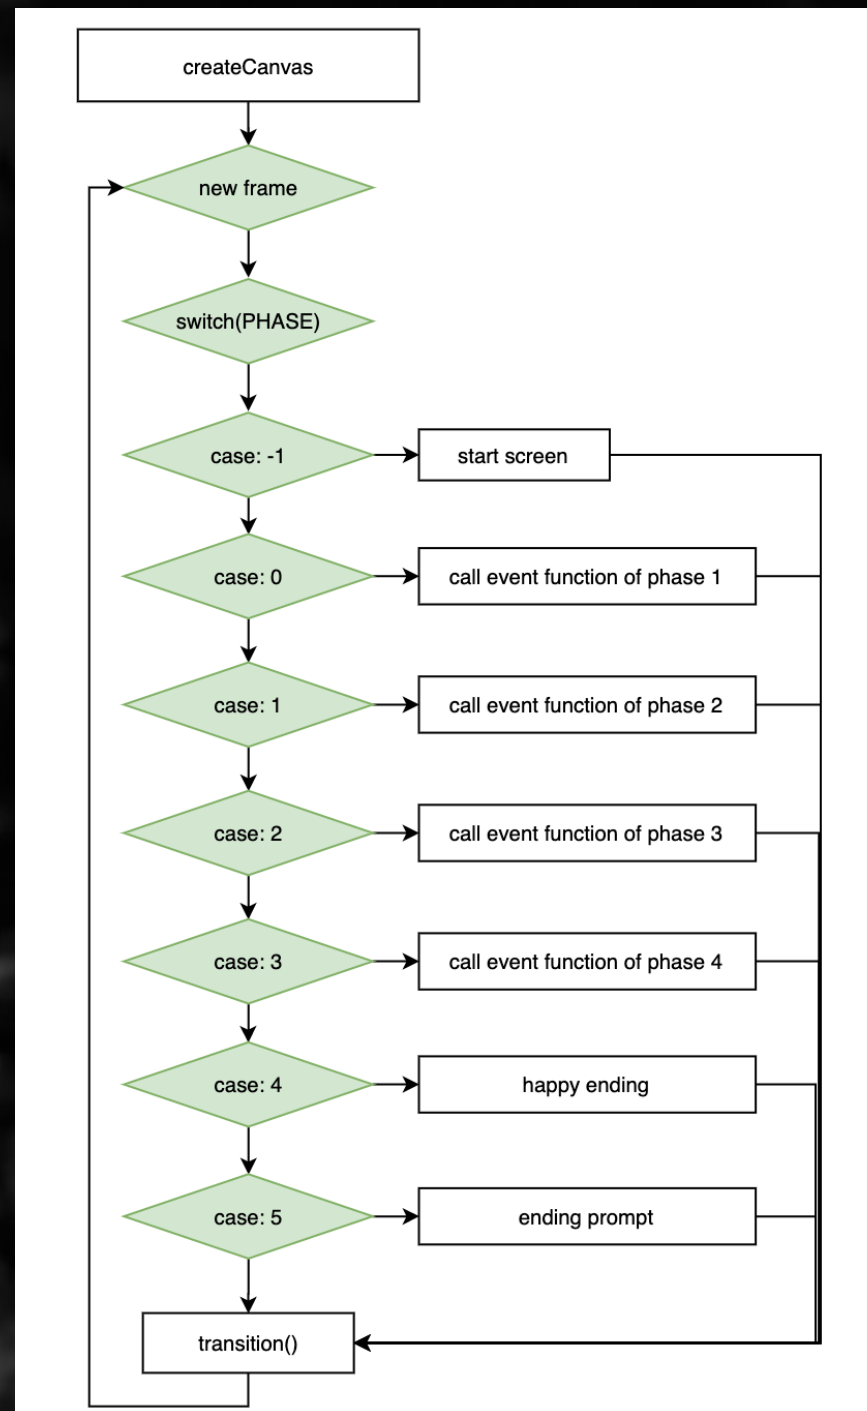

Rescue The Beans

Features, Visual Concept

Help Us!

You can click the objects to proceed with the story.
As the time goes, the BGM will get creepier and creepier.
This will be psychological pressure to the beans and their heartbeat rate will rise.
It consists of 4 phases. Phase by phase, you may be required to make a choice.
Your choice will affect to the beans' status.
